SPEAKER: The clerk will record.

CLERK: A quorum present, Mr. President.

SPEAKER: In regard to roll call, it is very important that if you do come in late that you come up here to the clerk or his assistant and tell them that you are here because we have been having some trouble with that. Some people have been, some of our members have been a little critical when they have been shown absent when they were here but the young lady here tries to get your name as you come in but she can't always see you come in. So, be sure, if you do come in late, to come forward here so that your presence is noted. At this time, I would like to introduce some gentlemen here from the land of the Rising Sun. If you will look in the south balcony you will see approximately 75 Japanese agricultural trainees who are attending a three month course in Animal Science at the University of Nebraska East Campus. They have been on host farms in the United States for the past 1½ years and will return to Japan in 6 months. Their instructor at the University is Mr. John Wesmeister. I understand that most of these students speak English. They will be in the chamber for approximately fifteen or twenty minutes should any of you care to visit with them you may feel free to do so. Would you students please stand and be recognized? Any corrections for the Journal, Mr. Clerk.
