PRESIDENT: Quorum present. The Legislature is in session. Senator Nichol, did you want to be recognized?

SPEAKER NICHOL: Mr. President and members of the Legislature, just to let you know what we are planning for today. First of all we are attempting to adjourn by eleven-thirty at which time Senator Vard Johnson has called for a meeting of the Executive Board so that we can refer these bills. Joanne Pepperl tells me that she has all of the bills drafted that you have in up till today, and if any of you have not gone back to get them, you may do so. So don't worry about anything that was introduced up till today. Now I think most of you have your bills in, or will have within the next few minutes....

PRESIDENT: Just a minute, Senator Nichol. I don't believe anybody is listening to you.

SPEAKER NICHOL: I believe that most of you are in shape so that you have all of your bills in now or will have within the next few minutes. If any of you have bills that you are working on that you want to get in in an hour or so that will take some time, please let me know. We want to knock it off here as soon as possible, but on the other hand we don't want to quit here if you have some bills that you can be getting in in an hour or so. So be sure to let me know if you are running a little late on some of your bills that you want in today. All of those that get in today we will be referring today so that you will have them in good shape prior to our leaving from now until Monday morning. With that, please get your bills in if you haven't. If you are having a problem, let me know so that you don't get shut off before we adjourn today. Thank you.
