part of an effort to change what the Committee on Committees has done. In view of what I have said, I would like to ask Senator Fisher a question.

PRESIDENT MOUL: Senator Fisher, would you respond to a question, please.

SENATOR FISHER: Would you repeat the question, please.

SENATOR CHAMBERS: I haven't asked it yet, Senator Fisher.

SENATOR FISHER: Oh, I am sorry, Senator.

SENATOR CHAMBERS: Okay.

SENATOR FISHER: Somebody punched my button, I guess.

SENATOR CHAMBERS: Okay, here is what...did you listen to what I had said just before I asked you to stand? Well, let me ask you this question.

SENATOR FISHER: Would you say it again, something was coming in the other ear.

SENATOR CHAMBERS: Okay.

SENATOR FISHER: I am sorry.

SENATOR CHAMBERS: Okay, and, Senator Fisher, what you are experiencing is not peculiar to your being a freshman senator, I want you to be assured of that because you may be here ten years if you decide to run again and again, and a similar situation will arise. So I hope you don't feel uncomfortable just because you are a new person. If I understand correctly what you said, you abide by what the Committee on Committees decided to do, is that correct?

SENATOR FISHER: Yes, sir.

SENATOR CHAMBERS: What the Committee on Committees decided to do is not shift you to a different committee pursuant to an arrangement you and Senator Pirsch had made; that is what the Committee on Committees decision is, not to make that shift. Do I understand you to say that since that is what the Committee on Committees decided to do, you agree to accept that?
