SENATOR CHAMBERS: I mean on this bill. Do you think this bill is going to obtain an A bill that will be voted affirmatively by the Legislature?

SENATOR ABOUD: This year, do I feel that this year we will pass an A bill for that amount of money on this bill?

SENATOR CHAMBERS: Um-hmm.

SENATOR ABOUD: Well, no, because it doesn't cost the funding, it doesn't have...

SENATOR CHAMBERS: How much is it going to cost this year? How much would it cost this year?

SENATOR ABOUD: Zero, no dollars.

SENATOR CHAMBERS: So we would just put something in the statutes?

SENATOR ABOUD: That's correct.

SENATOR CHAMBERS: And then when does anything take place that implements this program?

SENATOR ABOUD: Well, Senator Hohenstein, being an expert from the Appropriations Committee, wanted to answer that question.

SENATOR CHAMBERS: Okay, Senator Hohenstein.

SENATOR HOHENSTEIN: Yes, I didn't know I could get to be an expert in just a few short weeks, but I am looking for help here.

SENATOR CHAMBERS: Well, Senator Hohenstein, do you agree that if this bill were enacted, there would be no expenditure required...there would not need to be an A bill attached to this bill?

SENATOR HOHENSTEIN: Senator Chambers, this bill as drafted does not require an A bill, and I've said on the record several times that I think that that is not honest, and that I would not support putting something in the law that does not address and
