

going to be able to actually vote.

SENATOR WICKERSHAM: All right. Well, Senator, what I'm going to suggest to you is that I think maybe the provisions of Section 19 represent a different case than the provisions of Section 22, and if there isn't any provision for those affiliated schools to participate in decision making about capital expenditures about which there is a choice, i.e., a new building, a new parking lot, whatever, capital construction, I think they ought to be able to participate in that discussion if they're going to be able to pay for it.

SENATOR SCHELLPEPER: I think that's...

SENATOR WICKERSHAM: ADA compliance, arguably different, they don't have any choice.

SENATOR SCHELLPEPER: That's right.

SENATOR WICKERSHAM: Environmental hazard, arguably different because there's no choice.

SENATOR SCHELLPEPER: That's right.

SENATOR WICKERSHAM: But I think the provisions in Section 22 are different and I would oppose the provisions of Section 22. I think we ought to have an opportunity to explore that area. If those people are not able to participate in those decisions, I think they ought to be able to.

SENATOR SCHELLPEPER: I agree with you that probably they should be able to vote on those issues also.

SENATOR WICKERSHAM: So would you...well, it's Senator Withem's amendment but I guess what I would propose is a further division that we take Section 22 separately and I would oppose Section 22, I would not oppose Section 19.

SENATOR SCHELLPEPER: I have no problem with that.

SENATOR WICKERSHAM: Mr. President, I would re...is it in order to request a further division along the lines that we have been discussing?
