LB 1044, 1066, 1136

members, I believe that 1066 is a good proposal. I appreciate the fact that Senator Haberman has withdrawn his amendments. I think with the sanctions that are removed under Senator Chambers' original bill, along with the incorporation of the MacBride Principles, that it is a good public policy for the state in both instances and I would urge its advancement to E & R for engrossment.

PRESIDENT ROBAK: Thank you, Senator Hall. Senator Chambers.

SENATOR CHAMBERS: Madam President and members of the Legislature, I just want to thank the members of the Legislature for staying here through this, the tempest, because as many as we have had so far, and we've had some this session, we, as a group, have worked through them and arrived on the other side achieving something one way or the other. So now that we are at the point where the bill can move, I'm in a position...I'm sorry Senator Landis is not here to see this, to say that I'm willing to support the advancement of the bill.

PRESIDENT ROBAK: Thank you, Senator Chambers. Any further discussion on the advancement of LB 1066? Seeing none, all those in favor vote aye...say aye. All those opposed nay. LB 1066 advances. Move now to LB 1044.

CLERK: Madam President, 1044, I do have E & R amendments pending.

PRESIDENT ROBAK: There's been a request to pass over LB 1044 and LB 961, and we move to LB 1136.

CLERK: Madam President, 1136, E & R amendments pending, first of all.

PRESIDENT ROBAK: Senator McKenzie. Senator Hall.

SENATOR HALL: Madam President, I would move the E & R amendments be adopted.

PRESIDENT ROBAK: Any discussion? Hearing none, all those in favor say aye. All those opposed nay. The E & R amendments are adopted.

CLERK: Madam President, the first amendment I have to the bill is by Senators Byars and Hall. (See page 1816 of the Legislative
