LB 630

amendment would do is provide legal standing for bondholders, creditors and employees under contract to the district to permit them to appear in court or intervene in existing action with respect to the annexation or anything else relating to it. Anything that would occur under this amendment has to be approved by the district court, whether they...the annexing district and the district that's being annexed agree, disagree, whatever, everything would be approved by the district court. I would urge your support for the adoption of this amendment.
