

SENATOR LINDSAY: In Omaha or in...

SENATOR CHAMBERS: In Douglas County.

SENATOR LINDSAY: I don't know, Ak-Sar-Ben I believe is, but I don't believe they own the property anymore. They might have some property but I don't know if Douglas Racing Corporation would be considered an agricultural society or not. I don't know, I mean it could be. I doubt if the recreation corporation, Douglas Recreation Corp, or whatever it is, I doubt that that is. It is probably in some other quasi governmental corporation. Then I assume they have got a 4-H, or whatever, that's operated by somebody. Again, I don't know if they have...I don't know if they have property or not, so...

SENATOR CHAMBERS: An operation by somebody but you are not sure whom.

SENATOR LINDSAY: Why...no.

SENATOR CHAMBERS: Okay, and I am not either, that is what I was trying to find out. I would like to ask Senator Rasmussen, Senator Rasmussen, are you aware of any agricultural and horticultural societies that exist currently in Douglas County?

SENATOR RASMUSSEN: No.

SENATOR CHAMBERS: Thank you. Senator Hall, you could just...oh, if you are willing to help, since you've started unlimbering those old bones, you may as well complete it. He reminds me of Rice Krispies. When he stands up, there is a snap, crackle, and pop.

SENATOR HALL: Mostly a pop, but, yes, Senator Chambers.

SENATOR CHAMBERS: You are aware of one.

SENATOR HALL: Yes.

SENATOR CHAMBERS: Of which, or more than one.

SENATOR HALL: It has something to do with the local Douglas County Fair operation. I think they are categorized in that capacity, as well as the track.
