CLERK: 34 ayes, 0 nays, Madam President, on the adoption of LR 79.

PRESIDENT ROBAK: LR 79 is adopted. LR 337.

CLERK: Madam President, 337, a resolution introduced by Senator Beutler. The resolution was introduced on March of... in March of this year, referred to the Natural Resources Committee, was advanced to General File. There are committee amendments offered by the Natural Resources Committee, Madam President.

PRESIDENT ROBAK: Senator Beutler.

SENATOR BEUTLER: Madam President, members of the Legislature, on page 1661 of your Journal is the resolution as it stands reported from the Natural Resources Committee. And the committee made really no substantive changes, but since the land had not been properly surveyed and the description was irregular, bonded by river on one side, and a loosely identified county road along another, and a somewhat vague property line around a third side, we asked simply that the property be surveyed and that a description of the property be included in the deed conveying the property to Game and Parks. That's the only change that was made, and I would ask for the adoption of the committee amendments.

PRESIDENT ROBAK: Thank you, Senator Beutler. Any further discussion of the committee amendment? Seeing none, all those in favor vote aye, all those opposed nay. Please record.
